Verbal Reasoning Word and Meaning Questions: Part 3

Compound Words and Make a Word - 40 questions with full answers and explanations

WHAT THIS BOOKLET CONTAINS

40 questions across two question types: Compound Words and Make a Word. In the Compound Words section, most options are deliberate traps using Mud, Fog, or other non-combining words. In Make a Word, you must identify the letter position rule before applying it. Full answers and explanations are at the back.

A Note Before You Start

These questions are deliberately challenging. They are pitched at the level you will face in the Henrietta Barnett, Dame Alice Owen's, and St Michael's examinations. If some questions feel hard, that is the point. Working through them now, making mistakes, and reading the explanations is exactly how you get better.

Do not look at the answers until you have attempted every question in a section. The explanations at the back tell you not just what the answer is but why, so you can apply the same thinking next time.

> *"Struggling with a hard question and working out why you got it wrong is worth more than answering ten easy ones correctly."*

| Section 02: Make a Word (Questions 21-40)

How Make a Word works in this section

Some questions give you two outer words with a hidden word in brackets. Your job is to find the rule (which letter positions are used) and apply it to the second pair. Other questions give you just one word and ask you to find the hidden word using positions 1, 3, and 5 of that word.

21	**Answer: LET** | Positions 1+2 of LEAF (LE) + position 3 of SIT (T). L-E-T. Rule: Positions 1+2 of the first word and position 3 of the second word.
22	**Answer: FAR** | Position 1 of FIRM (F) + positions 1+2 of ARCH (AR). F-AR = FAR. Same rule as BAND/BIT/ITCH.
23	**Answer: SON** | Position 1 of SLIM (S) + positions 1+2 of ONCE (ON). S-ON = SON. Same rule as GRIN/GIN/INCH.
24	**Answer: GUN** | Position 1 of GRAB (G) + positions 1+2 of UNCLE (UN). G-UN = GUN. Same rule as CROP/CAN/ANTS.
25	**Answer: HIT** | Positions 2+3 of SHIP (HI) + position 1 of TANK (T). HI-T = HIT. Same rule as DRIP/RIB/BARN.
26	**Answer: TUP** | Positions 1, 3, and 5 of TRUMP: T-R-U-M-P. Positions 1+3+5 = T+U+P = TUP. Same rule applied to TRAMP gives T+A+P = TAP (confirmed).
27	**Answer: COT** | Positions 1, 3, and 5 of CLOUT: C-L-O-U-T. Positions 1+3+5 = C+O+T = COT. Same rule applied to BLUNT gives B+U+T = BUT (confirmed).
28	**Answer: TOT** | Positions 1, 3, and 5 of TROUT: T-R-O-U-T. Positions 1+3+5 = T+O+T = TOT. Same rule applied to FLINT gives F+I+T = FIT (confirmed).

29	**Answer: BAD** | Positions 1, 3, and 5 of BLAND: B-L-A-N-D. Positions 1+3+5 = B+A+D = BAD. Same rule applied to STOMP gives S+O+P = SOP (confirmed).
30	**Answer: SOE** | Positions 1, 3, and 5 of STOVE: S-T-O-V-E. Positions 1+3+5 = S+O+E = SOE. Same rule applied to GLOBE gives G+O+E = GOE (confirmed).
31	**Answer: FOG** | Positions 1+3 of FROG (FO) + position 1 of GEAR (G). FO-G = FOG. Same rule as TRAM/TAR/RAMP.
32	**Answer: GIN** | Positions 1+3 of GRIM (GI) + position 1 of NEST (N). GI-N = GIN. Same rule as PLAN/PAN/NAME.
33	**Answer: SIP** | Positions 1+3 of SLIP (SI) + position 1 of PARK (P). SI-P = SIP. Same rule as DRIP/DIP/PAST.
34	**Answer: CAN** | Positions 1+3 of CLAN (CA) + position 1 of NEAR (N). CA-N = CAN. Same rule as TWIN/TIN/NEVER.
35	**Answer: CAM** | Positions 1+3 of CRAM (CA) + position 1 of MOST (M). CA-M = CAM. Same rule as GRAB/GAB/BARN.
36	**Answer: SIR** | Positions 1+3 of SLIM (SI) + position 1 of ROAD (R). SI-R = SIR. Same rule as TRAP/TAP/PEAR.
37	**Answer: BAT** | Positions 1+3 of BRAT (BA) + position 1 of TRAIN (T). BA-T = BAT. Same rule as FLAT/FAB/BOLD.
38	**Answer: CAR** | Positions 1+3 of CRAM (CA) + position 2 of ORAL (R). CA-R = CAR. Same rule as GRAB/GAP/OPEN.
39	**Answer: RIP** | Positions 2+3 of DRIP (RI) + position 1 of PUMP (P). RI-P = RIP. Same rule as SLIP/LIP/PUMP.
